## Your Spring Checklist

SPRING 2021 | Vol. 36 - Issue 1

We all enjoy spring time, but with spring comes some much needed maintenance for your trees and shrubs.

### RETURN YOUR PLANT HEALTH CARE CONTRACT

Our Plant Health Care program covers these items as well as many other fertilization and pest control needs. Please mail back your PHC contract today, or call 402-558-8198 to request a customized Plant Health Care plan for your property.

### INSPECT TREES FOR PRUNING & REMOVAL

Pruning improves a tree's health, structure and appearance. It is important to selectively remove dead, dying, diseased or weak branches. Pruning can also provide clearance by removing lower branches while maintaining the tree's natural shape. Call Hughes at 402-558-8198 to schedule a Certified Arborist to assess your trees.

### MULCH TREES, SHRUBS & PLANTING BEDS

Mulch holds water, releasing it over time. This may reduce your irrigation needs. As organic mulch decomposes, it returns nutrients to the soil, reducing the number of fertilizer applications required.

# Emerald Ash Borer Continues to Kill Trees in the Omaha Metro

Emerald Ash Borer (EAB) can be a death sentence for your Ash trees. We have not seen a potential insect infestation of this magnitude since the 1970's with Dutch Elm disease. Your Ash trees can be treated if treatment begins before they are infested. Once the larvae have killed more than 30 percent of a tree, it is fatal.

After meeting with University researchers and Arborists from EAB infested areas in other parts of the country, we have developed a long term treatment strategy. We are confident our treatment plan will maintain the health of your Ash trees for years to come.

Contact us to have your Ash trees evaluated by one of our Certified Arborists who can tailor an EAB strategy to your specific needs.

**IF YOUR ASH TREE WAS TREATED FOR EAB IN 2018  
OR BEFORE, YOUR ASH TREE NEEDS TO BE TREATED AGAIN!**

**SAVE YOUR  
ASH TREES**

**NOW IS THE TIME TO SCHEDULE YOUR 2021 EAB  
TREATMENTS. CALL HUGHES TREE SERVICE @ 402-558-8198**

## Pruning Trees Reduces Storm Damage

It's been a while since Omaha has had a powerful, tree damaging storm. This means that we're due for one, and as unpredictable as the weather has been lately, we wouldn't be surprised to see it happen this spring or summer. We aren't trying to be prophets of doom, we just want to be proactive. Preventive pruning is much more economical.

Trees have a natural shape, and this shape can be maintained with regular, professional pruning. When subjected to heavy winds, out-of-shape trees are most likely to break because they are more apt to have unhealthy, decayed or weakly attached branches that are unable to withstand the force of the wind. Call now and our professional arborists will remove branches that are unable to withstand strong winds.

If your trees do suffer damage, our professional arborists can restore them with skillful, professional pruning.

**Call us today at 402-558-8198  
for professional pruning before the  
next storm.**

## 18 Certified Arborists on Staff

Hughes Tree Service has a staff of proud, professional, caring and customer oriented certified arborists. We take great pride in developing a team of certified arborists, providing them with the knowledge, training and equipment they need. Our Plant Health Care technicians are fully trained and licensed in plant diagnostics, insect and disease treatment, and fertilization. Our staff will exceed our customers' expectations so much, the customers will not only purchase our services in the future without hesitation, they will tell other potential customers about the benefits of our company.

## Have You Returned Your 2021 Plant Health Care Program?

You should have received a contract in the mail like the one pictured above. If you didn't, call our office at 402-558-8198 and we will send one right out to you. Plant Health Care (PHC) is a wellness program that covers more than just the pests on your renewal. It covers any problems our PHC professional encounters when visiting your property. The result is effective treatment that is better for the environment. So, don't delay, renew today. We can't provide any care without your signed contract.
